Role

The Post

We are looking for a well-qualified, inspiring and forward thinking teacher who can deliver outstanding lessons across the ability range. This post would suit a highly motivated Early Career Teacher or recently qualified teacher who can stimulate our students. As a department we are dedicated to the development of inspirational lessons and are always searching for new and innovative ways to motivate students to achieve their full potential. We would welcome a candidate who is keen to share new ideas, approaches and resources.

This is an excellent opportunity for an enthusiastic teacher of Mathematics to join a dedicated and highly successful department in a thriving school which was rated 'good' by Ofsted in May 2019 with the Sixth Form graded as 'outstanding'. As a school we are committed to comprehensive education and 'Learning for Life' is at the heart of all we do.

Our Curriculum

Year 7 and 8 students are placed in sets based on prior attainment and all students are allocated three hours of Mathematics per week. We use an in-house scheme of work that builds on the great work of our feeder schools using Ninja resources in Year 7 to support and develop fluency with number. We aim to stretch and challenge all students by creating lessons that will engage students and develop their mathematical curiosity.

At present all students in Years 9, 10 and 11 are set as a year group and are allocated eight teaching hours a fortnight. We follow the Edexcel specification 1MA1 and the top set in Year 11 are currently also being entered for Further Mathematics in the summer. The number of students achieving 9-4 in Mathematics in 2022 was 83.9% (9-5 =64.5%).

There is a high uptake of Mathematics in the sixth form with two classes in both Year 12 and Year 13 and a Further Mathematics class in both year groups. Experience of teaching up to A-level would therefore be of benefit but is in no way a prerequisite for the post. A2 results in 2022 continued to be very good with 72.7% gaining A*- C (average grade B=) and 100% gaining A*-B in Further Mathematics (average grade A=).

Our Facilities

There are currently seven teachers in the Mathematics department and we have five adjacent specialist rooms, all of which have interactive whiteboards. We have a set of Quizdom devices that allow interactive work within the classroom and we regularly use 'MyMaths', 'TeachIt' and 'Go Teach' sites. There are several IT equipped rooms in the Main School and in the Sixth Form which can be booked for class teaching. The school's main systems are SIMS, MintClass, Office 365, all of which are integrated and, with the exception of SIMS, hosted in the cloud. All of our teaching staff are given their own laptop to support their role.

Early Career Teacher support

We have a proud tradition of providing superb support and career progression for teachers at the beginning of their career. We are part of HISP programme who are using the Educational Development Trust programme to provide both face to face and on-line training

Learning For Life

to support you through the Early Career Framework (ECF). In school you will be given a mentor with whom you will have timetabled weekly meetings with as well as additional time for planning and working through the ECF. Furthermore, you will be given a tutor to oversee your progress and support you through the whole process. In addition, you will be part of our thorough induction programme that we run for all new staff members to orientate them through the first half term.

Further Information

Applicants are invited to contact our Deputy Headteacher, Ben Clemson, in the first instance.
