

## 2022 A Level Press Release, The Burgate Sixth Form:

Year 13 students from The Burgate Sixth Form received their A level examination results this morning and we are delighted to celebrate their achievements with them. Top grades at A\* were a slight improvement on the teacher assessed grades given in 2021 and much higher than when examinations were last sat in 2019. Similarly, results A\* to B were broadly in line with teacher assessed grades from the last two years and significantly higher than 2019. This means that the performance of Burgate students is above the national average once again. Over three quarters of our students have chosen to continue straight to university, where they will study a wide variety of courses ranging from Mathematics to Earth and Planetary Sciences, International Business to Architecture and Sport Performance Analysis to Graphic Design. Other students have chosen to undertake apprenticeships, to enter the job market or to take a gap year.

### Student achievements:

Nathan Hodgetts achieved three A\* grades and is looking forward to going to Newcastle. He puts his success down to *"hard work and his lucky suit!"*

Neve Hutton who received two A and a B is *"really happy and looking forward to reading Geography at Exeter."*

Georgia Grogan achieved one A\* and two A grades, *"All my hard work paid off - thank you Burgate!"*

Rosie Coyle with one A\* and two A grades is thrilled and delighted and cannot believe *"all my hard work actually paid off."*

David Pover, Headteacher, said:

*"I am truly delighted with these results, especially given the huge uncertainty in the system this year. Burgate students have achieved the top grades to get them to the universities and careers of their choice. This was a super year group who never gave up in the face of adversity and stuck to their task until the end. I'm sure all the staff would agree with me that they were an absolute pleasure to teach and they deserve huge praise for what they have achieved. I should like to thank all of the staff for the unstinting support and guidance."*
