Year 11 GCSE Maths Revision Homework Schedule 2023-24

You should complete the sections in your CGP Exam Practice workbook according to the schedule below in addition to any homework set. All labels are linked to the GCSE specification document. You should do the following for each subject area:

- Complete the sections in the CGP workbook and mark using the answers at the back
- Complete past questions from Edexcel exam papers found on their website and given as homework
- Complete practise questions from MyMaths and/or the textbook
- Revisit these topics later re-reading notes made and completing additional questions
- Optional: Make theory notes from MyMaths, revision guides or textbooks on each section

Notes:

Topic mastered?	Colour each topic **green** only when extremely confident. This may not be till weeks later. Remember to still briefly revisit these topics closer to the final examination, particularly models and formulae.
Revisiting Topics	This will involve less time and re-reading notes and testing yourself on key terms, formulae and attempting exam style questions. This should be done as regularly as possible not just those listed above.
