11-15 MARCH 2024

Careers Week 2024

This year, we are excited to announce the launch of a brand-new Careers Week from 11-15 March. During the week, all students will have the opportunity to take part in careers-related activities, delivered both in class and by external speakers. Confirmed providers so far include the NHS, the Army, Brockenhurst College, Taylor Wimpey, and lots more to be announced. As part of this week I am pleased to announce that there will be a Future Pathways Evening. From your feedback, we can see that both parents and students would like more information about the choice students have post Year 11. This event will provide the knowledge they need to make an informed decision about their next steps after GCSEs.

On 7 February, 15 Year 9 students had the chance to visit Meachers Global Logistics in Southampton. They toured the warehouses where they learnt about how freight is transported, heard about careers and apprenticeships in logistics, and got to climb up into a lorry cab!

On 20 February, 10 Year 10 & 11 students visited the Royal Artillery Barracks near Portsmouth. They heard about apprenticeships, spoke to soldiers from different regiments, and got to try some exciting activities such as a helicopter simulator and a missile simulator.
