

Employers – How you can support students at The Burgate:

The support of our local community is key to the Careers Education that The Burgate is able to provide.

We are so lucky to have the backing of so many willing and enthusiastic employers, keen to get involved with our school calendar of activities every year. Sharing career experiences and providing opportunities to develop employability skills is invaluable to a young person's progression and we cannot thank our existing partners enough.

Do you work in a business that could help provide work experience or opportunities for our students?

We are always looking for local businesses that want to inspire and educate our students about the world of work and expand and develop our careers programme. If you think you could help us with practice interviews, talks/presentations to students, provide invaluable work experience or any other opportunities that give students the chance to develop core skills and motivation, please contact our Careers Lead – Mrs Hosegood at careers@burgate.hants.sch.uk.
